CAPITAL VALLEY IPSSA CHAPTER

Water Watcher

MARCH 2022

Featured Speaker for March...

Stick To The Basics of Pool Care and How to Save Time and Money

Since the late 1980's, EasyCare Products consist of recreational chemicals for pools and fountains. Their goal is to utilize the latest technology available; improve existing products, as well as introduce new products that are easier, safer, and more effective. This advanced technology involves new enviro-safe products that are safer to use and safer for the environment.

Some of their most popular products are Pooltec, Startup-Tec, Algatec, and Beautec.

Rosemarie has been with EasyCare Products for sixteen years. Her current position is Western Regional Sales Director, whereby she oversees the Mountain Region and everything west of it.

Dinner will be provided for all attendees by EasyCare.

Rosemarie Arenas

Western Regional Sales Director
for EasyCare Products

a Division of McGrayel Co. Inc.

(559)974-8252 cell

Sick Route

We currently have one member out

- ◆ Sick Route Summary Cards were due by **January 31, 2022** to avoid fines.
- ◆ If you do not complete and return this card, you will NOT have sick route coverage for your pools.

Thank you for your support

Kim Carr
Sick Route Chairwoman
916-889-6529

Kimberlynn1221@gmail.com

The sick route policy is at www.cvipssa.com/sickroute.html

Thank You Pentair and Hasa for the door prizes at the last chapter meeting.

Pentair:

- ◆ Dinner
- ◆ Hats and T-shirts
- ◆ 50% discount for one BioShield and Intelli-Chem

Hasa - 8 cases of chlorine

Looking for a Few Good Pools

I'm looking to expand my routes in a few areas:

- ◆ Roseville: General area of Oakmont HS, 2-4 pools depending on size, proximity, and service level.
- ◆ Folsom: Empire Ranch area, 2-4 pools depending on size, proximity, and service level.
- ◆ EDH: Serrano, Governor's Park, and Franciscan Village areas, 2-4 pools depending on size, proximity, and service level.

Will pay reasonable rates or work them off.

deck-o-seal.

DECK-O-SEAL[®]

Polysulfide-Based Joint Sealant

DECK-O-SEAL two-part, polysulfide-based joint sealant is a premium-grade, pourable, self-leveling sealant. It is a non-staining sealant that cures at an ambient temperature to a firm, flexible, tear-resistant rubber. DECK-O-SEAL is highly resilient and has excellent recovery characteristics after extended periods of compression or elongation. DECK-O-SEAL is resistance to most chemicals, to all weather conditions, aging, and shrinkage.

DECK-O-SEAL is used for caulking and sealing joints subject to movement to provide a firm, flexible, weather-tight seal. It is ideal for sealing joints on swimming pool decks. It is applicable for interior and exterior use.

- Highly resilient with excellent recovery characteristics.
- Provides a uniform, watertight seal.
- Prevents uncontrolled cracking by allowing expansion and contraction during temperature changes.
- Stays flexible . . . won't become brittle or crack due to ultraviolet exposure.
- Resists abrasion, weathering, and moisture . . . elevated temperatures will not cause discoloration.
- Not affected by today's pool chemicals.
- Retains joint soundness in service once it's cured and can be stretched or compressed up to 25%
- Available in Dura-White, Stone Gray, Desert Tan (Black, Redwood and custom colors by special order)

DEPTH OF JOINT	COVERAGE (LINEAL FEET)

CE-Clarifier

Chitosan Clarifier + Enzyme

- All-natural formula
- Added enzymes break down and digest non-living organic waste, oils, lotions and sunscreen
- No synthetic additives or dyes
- NSF/ANSI Standard 50 Certified, non-toxic, non-hazardous

CE-Clarifier is a chitosan clarifier with our trademark enzymes in the formula. It is an all-natural clarifier with no synthetic additives or dyes.

Chitosan is derived from crustaceans, and in solution possesses a strong positive charge. That positive charge attracts negative charged particles in water that allow the particles to be caught in the filter.

We added our **CV-600** enzyme to the formula for extra strength and the ability to break down oils and other non-living organic waste that clouds pool water, like sunscreen and cosmetics.

***DOSING INSTRUCTIONS**
Initial Dose: Apply four (4) ounces per 10,000 gallons of water. Sprayed anywhere on the pool's surface. We recommend purging with CV-600 first, then maintaining with CE-Clarifier.

Maintenance: Apply one (1) ounce of CE-Clarifier weekly, after the pool has been cleaned and chemistry has been adjusted.

In pools that are cloudy—or using chemicals that cause cloudiness—use up to four (4) ounces per 10,000 gallons of water.

NSF

Standard 50 Certified

Pooltec® - The Chlorine Shortage Solution

Pooltec® 3-in-1 Algaecide - Water Clarifier - Chlorine Booster

- Reduces chlorine use by 35% to 65% and more
- Less CYA conditioner tab use, reduces CYA buildup by 1.0 ppm per tablet
- Only 4 to 8 Fl. Oz. / Weekly per 10,000 gallons

When you consider less chlorine tabs, CYA conditioner, algaecide and clarifier usage, Pooltec pays for itself.

Made in U.S.A.
