## Presidents Message

Have a great March!

Our 2016 season is here and it is time to get the pools ready. Clients will be outside checking on the pool, pool equipment, and deciding on what repairs they are going to invest in before their first swim party! This is an excellent time to sell your equipment upgrades, pool sweeps, and cartridge replacements. March is a good month to start cleaning filters, cleaning salt cells, adding conditioner, adding salt, vacuuming the dust out from the winter, and starting up the solar systems! Doing this prep stuff will save you time when it gets hot and your busy keeping up with all the repairs that come up during the swim season.

Don't forget to get all the maintenance for your truck and equipment that may need done before it gets really busy. That means oil changes, transmission maintenance, and tires! Keeping up with the truck maintenance will save you time, fuel, and money! We all should know there is never enough time during the summer, but taking care of all the pools. Nothing is worse than a service truck breaking down in the middle of the swim season. We just don't have the time for it!

I would like to congratulate Richard Lynch on his retirement and for all his dedication to our chapter serving as Vice President. With his retirement means we will be voting on a new Vice President this month to fill the remaining term. If anyone wants to become more involved with our chapter this is an excellent time to get involved. If you have any questions on this position or other opportunities to help out with just let me know! .....

'Til next time, keep it clear.

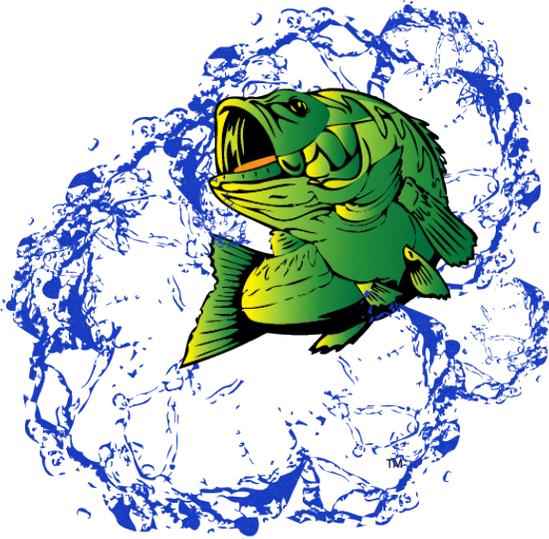

Scott Houseman  
President
