CAPITAL VALLEY IPSSA CHAPTER

# Water Watcher

NOVEMBER 2016

## Presidents Message

Have a great November!

### Why take time to go on a Vacation!

#### 1. You reduce your stress.

Whether you are experiencing a burnout or are embattled with lots of pressures being self-employed, going on a vacation will dramatically reduce whatever stress you are experiencing.

#### 2. You do your health a lot of good.

According to a study by the State University of New York at Oswego, after surveying 12,000 men it was discovered that men who go on vacation reduce their overall risk of soon death by 20 percent.

#### 3. You improve your productivity.

According to a survey by Sam's Club it was discovered that very few small business owners take days off. This caused exhaustion, impatience, poor decision making and illness.

#### 4. You become more creative afterwards.

Vacation provides you with the time to refresh and recharge your brain cells.

#### 5. You become happier.

A recent study shows that taking time off actually improves your happiness. People who took a vacation were happier than those who did not after.

#### 6. You are open to new perspectives.

Whether you are going to the beach in a foreign country or driving through the heat of Las Vegas, time from work gives you an excellent time to reflect and open yourself to new possibilities.

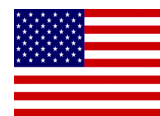

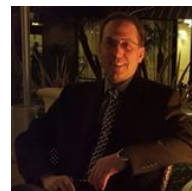

#### 7. You offer yourself some family or self-time.

Quality of life is dependent on how you appreciate yourself and those who are around you. It could be with yourself, family or friends. Sense of peace and warmth you will never get while working.

#### 8. You deserve the time off!!

'Til next time, keep it clear.  
Scott Houseman  
President
