
SACRAMENTO SHERIFF'S TOY PROJECT

Date: September 10, 2026

Dear Friend and Supporter,

For more than 40 years, the **Sheriff's Toy Project**, a 501(c)(3) nonprofit and the charitable arm of the Sacramento County Sheriff's Office, has been here for children and families throughout Sacramento County. At the heart of what we do is a simple belief: every child deserves to feel supported, valued, and cared for.

Because of your continued support, we are able to be there for families throughout the year, not just at Christmas.

Your generosity helps put school supplies into the hands of children getting ready for a new school year, provides bicycles to kids who need reliable transportation, and helps families who are going through a difficult time. It also helps support scholarships and youth programs that give children opportunities they may not otherwise have.

Then comes the holiday season, when the Toy Project truly comes alive. Last Christmas, your support helped us bring gifts and holiday assistance to more than 3,500 children. Behind that number are individual children who were able to choose toys, receive a bicycle, open a stocking, or simply have something special waiting for them on Christmas morning.

Your generosity reaches children beyond our warehouse as well. Each Christmas Eve, we deliver stockings and gifts to children spending the holiday in local hospitals. Throughout the year, we continue to respond when children and families need a helping hand.

Thank you for continuing to believe in the Toy Project and for making these moments possible. Your support does more than provide a gift. It lets a child know that someone cares, especially when their family may be facing a difficult time.

All contributions are tax deductible (Tax ID #75-2978505).
